XL Reporter

Excel-based Reporting

What is Your Reporting Vision?

Who is an XL Reporter client?

- Do you export to Excel?
- Would you like one single tool to handle all reporting & budgeting for your ERP system?
- Would you like reports to be automatically run & distributed in fully formatted Excel files?
- Do you research financial/operational info?
- Do you budget on Microsoft Excel?

What is XL Reporter?

(1) Report Writer

- An Excel-based report writer that reports “live” on both the GL & Sub-ledgers + other modules

(2) Consolidation Tool

- GL, AR & AP consolidations

(3) Budgeting Tool

- All the gains without the pains of budgeting on Excel

(4) Dashboards

- Executive Presentation and Analysis tool

(5) Query Tool

- Strong analysis on queries

About XL Reporter

- Created by the reporting experts of Microsoft.
  - 15+ Years of reporting expertise.
- 1,000+ installs worldwide.
- Axapta, Great Plains, Solomon, SAP Business One.
- Users range from small companies to Fortune 500 companies.

Your Reporting Challenges

Your ERP system has silos of valuable information you need to make good decisions...

...if you have the time and the skills to gather it from all your reporting tools...
